Subject: Functional Formularies Voluntary Recall – URGENT

Dear Functional Formularies Consumer,

Out of an abundance of caution, we are reaching out because we believe you may have recently purchased **Liquid Hope Peptide Berry Medley** and/or **Nourish Peptide Berry Medley**, two products we are voluntarily recalling from the market. Our testing indicates that some lots of these products may not contain the intended levels of vitamin A.

If you have supply of Liquid Hope Peptide Berry Medley or Nourish Peptide Berry Medley with best-by date up to and including April 14, 2028, please discontinue use and visit our website (functionalformularies.com/notice) or call our Customer Care team (1-855-805-4628) for assistance with returning the product and a refund. No other Functional Formularies products are affected. **Please do not throw the product away.**

Product Descriptions	Ordering Code	Previous Ordering Code	Case UPC	NDC Format Code	Best By Date / Best If Used Before

*Highlighted numbers corrected May 27, 2026.

Because the vitamin A comes naturally from the fruits and vegetables in the recipe, the level can vary. The vitamin A levels in the recalled products may be lower than intended and below our standards.

We have no reports of illness or injury for the recalled products. However, if someone relies on these recalled products as their sole source of nutrition over long periods of time, there is a risk of not meeting typical vitamin A needs that may present a potential health risk. If you have any concerns, please discuss with your healthcare provider.

If you would like to inquire about a refund, you can visit our website (functionalformularies.com/notice) or contact our Customer Care team by calling Monday – Friday, 10am – 6 pm ET at [\(855\) 805-4628](tel:855-805-4628).

We are conducting this voluntary recall out of an abundance of caution because making sure you have access to products you can rely on remains our priority. We apologize for the disruption.

Sincerely,

Nutricia Customer Care
